## Roadworks during COVID-19 restrictions

We are carrying out these works in line with central government and COVID-19 safe working practises and in accordance with the CLC Site Operating Procedures, endorsed by Public Health England. Our sub-contractor will have appropriate procedures in place to ensure their staff can comply with government advice. We would ask that you please respect these workers as they deliver these highways services.

### Noise

There will be some noise, but we will try to keep this to a minimum.

### Delays in work

Our work is sometimes delayed by bad weather. We will keep you updated on any changes via the advance warning signs and on [one.network](https://one.network)

### Parking

It is essential to keep the road free from parked vehicles, please find alternative locations to park, utilising drives and nearby roads as much as possible. We appreciate this is not always easy however it prevents us needing to return to the road to carry out additional repairs, or for us to have to tow your vehicles to nearby roads. If you have any special requirements, please speak to the team on site. You will still be able to park on your drive and access to drives will be maintained; but there may be a delay getting on and off through the works. Please allow extra time for journeys.
